About St Luke's ElderCare

Founded in August 1999, St Luke's ElderCare (SLEC) is committed to caring for our seniors, through services provided at the centres and homes of our seniors. These services include maintenance day care, day rehabilitation, dementia care, nursing care, respite care, wellness programmes, home medical, home nursing, home personal care and home therapy.

By the end of 2018, SLEC is expecting to operate 20 eldercare centres located in the community islandwide to reach out to more seniors and families in need. The services are intended to benefit those with physical disabilities as a result of stroke, falls or accidents, as well as the frail and lonely who have no one to look after them at home during working hours.
